

ETT FINE WOODS

FEQ PRIME PLANTATION TEAK SHORTS

Premium small-format teak designed for high-yield manufacturing, marine repair, and outdoor product production.

SPECIFICATION

FEQ Prime Plantation Teak — $4/4 \times 3''-5'' \times 3'-4.5'$

Thicker, wider, and longer FEQ Teak boards are available upon request.

High consistency, clean FEQ color, kiln-dried, and packed with a natural spread of widths and lengths in every bundle.

WHY TEAK SHORTS?

Teak shorts give you the performance of premium FEQ teak at a lower cost per board foot—ideal for shops that cut smaller parts, furniture components, or repair pieces.

Benefits include:

Lower cost vs. long-length FEQ

High yield for small components

Excellent machining, stability, and color consistency

Perfect for stocking high-use marine and outdoor parts

Packs ship fast and handle easily in any shop

Pricing Structure

Volume discounts designed to move wood:

100 BF:
\$15.50/BF

250+ BF:
\$14.50/BF

500+ BF:
\$13.50/BF

Truckload:
\$12.90/BF

TOP USES FOR FEQ TEAK SHORTS

Marine Repair & Restoration

Perfect sizes for:

- Deck patches
- Hatch frames
- Teak trim
- Coamings
- Toe rails, cap rails
- Blocking, backing & interior joinery

Short lengths match typical boat repair dimensions perfectly.

Outdoor Furniture Components

High-yield sizes for:

- Chair legs and rails
- Table parts
- Slats, arms & frame components
- Benches and garden structures

Most outdoor furniture parts fall between 10"–36"—shorts maximize yield.

Flooring & Interior Products

Ideal for:

- Engineered flooring wear layers
- Short-length solid flooring
- Stair parts
- Interior slats and panels
- Accent walls and wainscoting
- Drawer and cabinet components

Shorts keep material costs down while maintaining FEQ appearance.

Small Component Manufacturing (OEM / CNC)

Great for any shop that cuts small teak parts:

- Turning blanks
- Handles, knobs, tool parts
- Custom CNC components
- Small blocks, fixtures & jigs
- Outdoor product components
- Glued-up panels

Shorts keep waste low and margins high.

WHY BUY FROM US?

We are one of the largest direct importers of teak in the United States.

THAT MEANS:

- ✓ Consistent FEQ Prime quality
- ✓ Competitive volume discounts
- ✓ Fast shipping nationwide
- ✓ Industry-leading experience in teak milling & grading
- ✓ Dedicated customer support for marine, OEM, and furniture clients.
